PRESS NOTE.

AUGUST 15-A PAID HOLIDAY

Instructions to Employers.

In pursuance of the instructions issued by the Central Ministry of Labour on previous anniversaries of Independence Day, workers were permitted to participate in the August 15 Celebrations without being made to suffer any loss in wages.

The Government of India have issued a similar directive this year to their officers in charge of industrial undertakings and they hope that other employers also will co-operate with them by declaring this national day as a paid holiday.

In view of the great importance of the occasion, Government believe that many managements of industrial undertakings have already prescribed August 15 as one of the regular holidays but where this has not been done, they hope that the employers will treat the day as an additional paid holiday and not as a substituted holiday.

PRESS NOTE.

Imphal, the 20th September, 1956.

No. J-CS. 3/55-56-III.—It has been brought to the notice of the Government that certain persons who were given permits for export of Chira during the period 6th to 14th April 1956 could not complete the export in time and that there is a certain quantity of Chira in the local market in excess of local requirements. It has therefore been decided to allow export of such stocks between 26th September 1956 to 7th October 1956 (both days inclusive). Those who desire to take advantage of the scheme are required to produce the actual stocks of Chira between 6 A. M. and 3 P. M. before the State Trading Officer, Imphal, who has been authorised to issue permits for export; the export to be completed within 3 days of the issue of the permit and the permit to be surrendered at Mao Out Post on export from the State.

2. It will be appreciated that indefinite export of Chira cannot be allowed without endangering local supplies of food and that while this proposal is intended to enable a certain quantity of existing stocks in excess of local requirements to be exported to outside markets, no kind of extension can be given and that acquisition of fresh stocks with view to export will be done by parties only at their own risk and that if during the period of 26th September 1956 to 7th October 1956 there is undue increase in the price of rice, the export of Chira may be stopped.

NOTIFICATION.

Imphal, the 16th October, 1956.

No. I.F.R. 7/51/56—In exercise of the powers conferred by section 29 & 30 of the Indian Forest Act 1927, the Chief Commissioner is pleased to review this Administration Notification No. F. R. 7/51/34 dated the 21st September, 1953 and to make the following amendments to that Notification with special reference to rights and privileges conferred on the Hill Villages.

Substitute the following for the existing paragraphs under the same heads:—

(1) GRAZING RIGHT

The Forest will remain open to grazing by the cattle of the hillmen; no permission is required to be obtained from the Forest Officer, for the purpose of grazing. If and when the Forest Department, Manipur proceeds to take up regeneration or other cultural works in any particular patch of Forest that would be unsuccessful without exclusion of grazing from the patch for a short period, they will notify the village or villages concerned to this effect. Areas so excluded temporarily from grazing could be such in extent and location as to cause no more than the minimum of unavoidable inconvenience to the villagers.

CULTIVATION RIGHT.

The Government would not interfere with existing jhuming rights so long as the pine trees (declared reserved trees) are not cut down or burnt for jhuming.

WOOD RIGHT.

Regulation of felling pine trees is necessary in the interest of the future need of hillmen themselves for the development of Resin and Timber Industry. But hillmen may obtain the pine timber they need from the Forests for their own requirements on free permits to be issued by the Forest Department. For cases where there will be unavoidable delay in obtaining permits from the Forest Department the Forest Department will authorise particular village Headmen in writing to issue permits on his maintaining an account of such cases subject, however, to the control of the Forest Department, Manipur, later.

HUNTING RIGHT.

The Hillmen can hunt freely subject to any other laws provided no damage is caused to the Forests by the use of fire etc. for hunting.

By order etc.

G. H. Singh,
Assistant Secretary (WP)
to the Government of Manipur.

No. H-Co/32/55-56.—Copy of letter No. F. 10-18/56-Coop. I., dated 13th November, 1956 from the Government of India, Ministry of Agriculture is republished for general information.

By order,
K. G. Singh,
Assistant Secretary (MVT)
to the Govt. of Manipur.

Subject :—MULTI-UNIT COOPERATIVE SOCIETIES ACT, 1942 AMENDMENT OF.

I am directed to say that the Government of India has under consideration the proposal for amending the Multi-Unit Co-operative Societies Act, 1942, so as to make it applicable to the whole of Indian Union.

2. The Multi-Unit Co-operative Societies Act is an Act to provide for the incorporation, regulation and winding up of Co-operative Societies with objects not confined to one State. At the time of the passing of the Act there were a few societies registered in particular states which had extended their activities to other States also. These societies had to be validated and future societies with similar activities had also to be given recognition under Law. The Multi-Unit-Act was, therefore, passed in order to cover such societies. The Act does not provide for registration of such societies, but has made the provision that a society registered in a State under the Law relating to Co-operative Societies in force in that State shall be deemed to be so registered in any other State to which its objects extend (Vide section 8(1) of the Act). This Clause covered the needs of all India Societies and separate registration under the Multi-Unit Act is not, therefore, provided for.

3. The Multi-Unit Act as it stood then did not extend to Part 'B' and all the Part 'C' States as Clause 1(2) of the Act restricted its application to what was British India.

4. Co-operative Societies with objects extending over more than one State are now being formed in Part 'B' and Part 'C' States, like societies of the Posts and Telegraph Railway workers, National Co-operative Union of Railway workers, etc. etc. It, therefore, became necessary to amend this Clause so as to make the Act applicable to those States as well.

5. Parliamentary legislation relatable to entry 44 of the Union list in this behalf has already been undertaken and Clause 1 (2) of the Act has been amended to read as follows :—

"It extends to the whole of India except the State of Jammu & Kashmir". The State of Jammu and Kashmir has to be excluded because entry 44 of the Union list is not included in the Constitution (Application to Jammu and Kashmir) order, 1954.

6. The above amendment has been published as the "Multi-Unit Co-operative Societies (Amendment) Act 1956 (34 of 1956)" in the Gazette of India Extraordinary, Part II section 1, dated the 28th August, 1956.

7. I am to add in this connection that the reorganisation of States from the 1st November, 1956, will not in any way affect the working of this Act.

8. I am to request that the amendment may kindly be given wide publicity in your State for the information of Co-operative Societies.

NOTIFICATION.

Imphal, the 10th November, 1956.

No. J/15/54.—The Constitution (Seventh Amendment) Act, 1956 published in the Gazette of India Extraordinary, Part II Section 1, dated the 19th October, 1956 is re-published for general information.

PRESS NOTE

GROWTH OF UNRECOGNISED MEDICAL INSTITUTIONS STUDENTS WARNED AGAINST ADMISSION.

In recent years a number of new medical colleges have been opened, including a few by private and non-official agencies. For the general information of persons seeking admission to medical colleges, the position in respect of recognition of degrees by the Government of India is as follows :—

A medical college is a very expensive proposition. It has to fulfil certain standards prescribed by the Medical Council of India. For this purpose the college must be adequately equipped with and must have an adequate laboratory, research and hospital facilities and last, but by no means least, employ fully qualified teaching staff. Students studying in ill-equipped colleges with unqualified staff do not obtain the necessary experience and training required for a medical graduate.

It is not enough that a medical college is approved by a university for instruction in a medical science. The degrees obtained by instruction in medical institution have to be recognised by the Government of India and included in the first schedule to the Indian Medical Council Act, 1933, so that students passing out of such colleges will be entitled for registration and inclusion in the Indian Medical Register.

The Medical Council of India sends inspectors and visitors to examine whether the instruction, training and examination provided in medical institutions are up to the required standard. The Council thereafter makes recommendation to the Government of India who after examining these recommendations decide the question of recognition of degrees of pupils passing out of various medical colleges.

On a number of occasions it has been found that, even in medical colleges started by Government due to non-availability or non-provision of proper equipment, hospital facilities etc., the first one or two batches of students passing out of such colleges are below standard and before the degrees of such students are recognised they have been made to complete their training by additional clinical experience, additional classes etc.

Private organisations and individuals who want to open medical colleges should before consult the Government of India in the matter and find out details of hospital, research and laboratory facilities, equipment, accommodation, etc., required and the essential qualifications which the teaching staff should possess, so that the medical colleges started by them will at least possess minimum standards. Finally, they should see the availability of sufficient funds before venturing on such projects.

The students seeking admission to private medical institutions are advised in their interest that before they think of entering such medical colleges, they should find out whether a college newly started has been approved by a University and whether the Government of India will recognise the degrees of students passing from such colleges.

Government of India wish to make it very clear that no lowering of standards of under-graduate medical education will be allowed and it will serve very little purpose for students who obtain degrees from such colleges to complain later that their degrees have not been recognised. Students getting admission into such colleges do so at their own risk.

By order,
K. G. Singh,
Assistant Secretary (MVT)
to the Govt. of Manipur.

Subject :—MULTI-UNIT COOPERATIVE SOCIETIES ACT, 1942 AMENDMENT OF.

I am directed to say that the Government of India has under consideration the proposal for amending the Multi-Unit Co-operative Societies Act, 1942, so as to make it applicable to the whole of Indian Union.

2. The Multi-Unit Co-operative Societies Act is an Act to provide for the incorporation, regulation and winding up of Co-operative Societies with objects not confined to one State. At the time of the passing of the Act there were a few societies registered in particular states which had extended their activities to other States also. These societies had to be validated and future societies with similar activities had also to be given recognition under Law. The Multi-Unit-Act was, therefore, passed in order to cover such societies. The Act does not provide for registration of such societies, but has made the provision that a society registered in a State under the Law relating to Co-operative Societies in force in that State shall be deemed to be so registered in any other State to which its objects extend (Vide section 8(1) of the Act). This Clause covered the needs of all India Societies and separate registration under the Multi-Unit Act is not, therefore, provided for.

3. The Multi-Unit Act as it stood then did not extend to Part 'B' and all the Part 'C' States as Clause 1(2) of the Act restricted its application to what was British India.

4. Co-operative Societies with objects extending over more than one State are now being formed in Part 'B' and Part 'C' States, like societies of the Posts and Telegraph Railway workers, National Co-operative Union of Railway workers, etc. etc. It, therefore, became necessary to amend this Clause so as to make the Act applicable to those States as well.

5. Parliamentary legislation relatable to entry 44 of the Union list in this behalf has already been undertaken and Clause 1 (2) of the Act has been amended to read as follows :—

"It extends to the whole of India except the State of Jammu & Kashmir". The state of Jammu and Kashmir has to be excluded because entry 44 of the Union list is not included in the Constitution (Application to Jammu and Kashmir) order, 1954.

6. The above amendment has been published as the "Multi-Unit Co-operative Societies (Amendment) Act 1956 (34 of 1956)" in the Gazette of India Extraordinary, Part II section 1, dated the 28th August, 1956.

7. I am to add in this connection that the reorganisation of States from the 1st November, 1956, will not in any way affect the working of this Act.

8. I am to request that the amendment may kindly be given wide publicity in your State for the information of Co-operative Societies.
